## PRESIDENTS CORNER

By Jennifer Bryan

We have some news for you, the County notified GSSC that they would not be renewing our lease at the little building we are presently in. It is sad to say goodbye to the Research Library we have occupied for 20+ years.

The GSSC Board located a new building and we will be sharing the new location with the Historical Society. The new location is at the Gold Street School, 321 N. Gold St, Room #8, Yreka, CA. We are sharing the space due to the cost of the rent.

We also have a new mailing address: P O Box 1405, Yreka, CA 96097.

We will be out of the old building in late August and will plan a Grand Opening in the new building in September. We hope you will enjoy the new "One Stop Shop" combined library. It should make research much easier.

## CIVIL WAR RECORDS

Dick Eastman (Eastman's Online Genealogy - [eogn.com/page-18080/10728884](http://eogn.com/page-18080/10728884)) is sharing that due to recognition of the Battle of Gettysburg, Fold3 is offering FREE access to the company's collection of Civil War records **until July 18**. There are more than 100 million records from the Civil War Collection. The collection will be free until July 18, 2021 at 11:59 pm MT. Once the free period is over, you will only be able to view the records through your paid Fold3 membership.

## AUGUSTA GENEALOGICAL SOCIETY

Another article by Dick Eastman ([eogn.com](http://eogn.com)) tells us that the Augusta Genealogical Society 2021 Virtual Genealogical Symposium will happen on Saturday, August 7, 2021 online from 9am to 4pm. The Topic is: **"Researching your Pennsylvania Heritage."** Registration deadline is August 6, 2021 at [augustagensociety.org](http://augustagensociety.org). You can also phone 706-7224073. The cost is \$45 non-member, \$35 member. The speaker is Elissa Scalise Powell CG. For more information, go to <https://eogn.com/page-18080/10728913>.

## NARA RECORDS

In the January/February 2021 issue of the Family Tree Magazine, page 6, "What's New" tells us that the NARA Volunteers have transcribed, tagged and commented on the NARA records for easier searching. The records were focused on during the pandemic stay at home orders between March and August 2020. The already existing records focused for the enhancement are the Nuremberg Trials, Naturalization petitions, WWII diaries, Naval courts-martial (pictured) and the Pentagon Papers. You too can be a volunteer to help the National Archives. You can go to [www.archives.gov/citizen-archivist/missions](http://www.archives.gov/citizen-archivist/missions) or go to the site [www.archives.gov/research](http://www.archives.gov/research).

## DECODING SOCIAL SECURITY CARDS

Are you aware that older social security cards issued before 2011 have a method to the madness? The first 3 numbers (area number) of the SS# represents the geographical region issued, with the lowest numbers in the Northeast and highest in the West (except for Railroad Retirement Board, 700-728) but discontinued July 1, 1963. The second 2 numbers (group number) is for the administration purposes. The last 3 numbers (serial number) of the SS# is just a numerical sequence of digits 0001 to 999 issued within each group.

Social Security Numbers are never reassigned after someone dies.

## SURNAMES

Transcribed by Gail Platt

<https://blog.english-heritage.org.uk/norman-saxon-surname/>  
<https://www.findmypast.com/blog/help/what-can-you-learn-from-a-last-name>

Your surname can typically tell you of your ethnic origin. It also can tell you if your name is occupational, habitational (a place), or descriptive, maybe even where your name originated. Surnames were added to people's first names to distinguish them from others who had the same name locally. Such as Robert the baker or Robert at the wood. The surname Telford is derived from a Norman nickname "taille fer," meaning 'cuts iron,' indicating a possessor of great strength.

Check out your own surname origin. Although, if you have a French surname, it doesn't mean your surname originated in France.

Some Surnames based on occupations:

Smith - derived from metalwork - blacksmith

Miller - derived from milling food - Miller

Clark - derived from clericus "Scribe" - maybe a scholar

Some Surnames based on locations:

Lincoln - could be derived from Lincolnshire, England

Bayer - could be from German Bayern, which is Bavaria

Some Surnames based on persons:

Goodfellow - Middle English - Friendly companion

Swift - could be a fast runner

Brown - any aspects of physical appearance. Hair or eye...

Some Surnames based on family relationships:

Johnson & Jones - both are son of John

Mac & O - son and grandson in Gaelic

Ni - means daughter

## THE "LOG CABIN"

Reprint Permission by Editor Claudia East  
Yreka Echoes, by Yreka Preservation Corporation  
April 2021

*Editor: My interest was piqued by a recent post on the Facebook page "You know You Grew Up in Yreka..." with a post from our own Mike Grifantini. Thus, information on the former "Log Cabin" bar and restaurant that had its home on Broadway from 1934 to 2020.*

Mike happened to notice that the old sign for the Log Cabin was gone! He mentioned that a few days later he stopped by the building again and saw workers inside taking down all the old bar items including the sign. Mike met the person who had purchased all the items and that individual said he was surprised no one locally had purchased the sign. This man lives in Washington state! So our history is now way up North!

Many posts followed Mike's original post with a photo of the old sign. **What seemed remarkable to me was that NO ONE who had the property or knew the artifacts were for sale contacted any of the historical groups.** No one contacted Preservation, so during the pandemic we didn't get any word of this, the same goes for the Historical Society and the Genealogical Society. Maybe someone contacted the museum, but it is owned and managed by the county, and has been closed to the public during the vast majority of the pandemic.

A question to all who may read this how can we keep this sort of thing from happening again and again? Local groups may not have the money to always save or purchase historical signs, places, etc. but at least we could get the word out and at least hope we can photo document places, items, etc. that might be lost! **But only if we are informed of what might be for sale, etc.**

Beginning on page 2 (*this page*) is a series of articles and bits of information that I could find about the now long lost Log Cabin on Broadway.

### **STORIES FROM THE LOG CABIN BAR & RESTAURANT**

*Editor: From the research that was available it appears that the Log Cabin was operated by Jim Alton and opened around 1934. Jim operated the Log Cabin Bar and Restaurant for 25 years. He passed the operation to a Omar Hill in 1960. Unfortunately, later in 1960 Jim Alton passed away suddenly and his anticipated retirement was cut short.*

### ***Log Cabin Bar Entered ~ Slot Machines Taken***

The Log Cabin Bar was broken into about 3:30 this morning and three slot machines stolen. Larry Hayden, who has a barber shop next to the bar, heard a noise about that time, he told officers, but did not see anyone when he investigated.

The robbery was effected by jimmying open the front door of the bar which is just across Broadway from the Post Office. The place was entered while Night Officer Gilbert Rhodes was taking a man arrested from being drunk, to the county jail.

Officers stated that the robbers apparently carried the three machines out, placed them in a car, and fled, as no trace of the machines has been found today. Ben Hall, owner of the Log Cabin estimated that there was approximately \$100 in the three machines.

*Editor: The Log Cabin has had a long and varied history from being a place to bring a date, have lunch, meet friends, as a local "watering hole" and as many of us recall it as the "Clampers meeting place!" But among the many stories and events that have occurred there are some real tragedies and some rather dark stories.*

*In 1941 only a few years after the Log Cabin opened one of the co-owners, Benjamin Hall aged 59, who was also veteran, was very despondent and took his own life while at his home in Yreka.*

### **Yreka Woman Disappears**

Clyde Ward of Yreka was attempting today to locate his bride of six months. Esther P. Ward, 25, who disappeared sometime between 3 and 5 o'clock Sunday afternoon and has not been seen since. He said his wife was seen last at the Log Cabin Club in Yreka.

Ward described the missing woman as 5 feet 6 inches tall, slender, with light brown hair and blue eyes. He said she was wearing a light grey, pin striped suit, black high heels and no hat. The husband sated that none of her other clothes had been taken from the couple's home in Yreka.

He said his wife's occupation is a waitress at Mable's Cafe and also at Leonard's here since their marriage.

Before coming to Yreka about 8 months ago, Mrs. Ward resided in the state of Washington. She married Ward, a lifelong resident of this area, two months after coming to Siskiyou County.

The husband asked that anyone having any knowledge of the possible whereabouts or anyone who saw her during or after her departure from the Log Cabin notify the Sheriff's Office, which is working on the case.

*Editor: Re: Missing Yreka Woman article*

*I searched to see what may have happened to Esther Ward that "disappeared" from the Log Cabin. I didn't find any information of what happened to her with the resources I have, but apparently she was okay. As I did find a notice in the newspaper that on May 27, 1948 Clyde Ward filed for divorce from Esther Ward, his wife, stating extreme cruelty.*

### **Still Charged with Burglary**

Information charging him with burglary was filed April 10 in Superior court against Kenneth Still by District Attorney Fred W. Burton.

The defendant is accused of the crime in connection with the burglarizing of Christy's Cafe and the Log Cabin tavern in Yreka on the night of March 15.

About \$100 in cash and a gun were taken from the tavern and a quantity of candy and gum was stolen at the cafe.

Still who was arrested by city police the day after the burglaries was bound over Superior court on April 3 following a preliminary hearing in justice court here.

From: *The Siskiyou Daily News*, February 22, 1960, page 1

### **Police Find Stolen Safe**

Sheriff's deputies and Yreka police Saturday recovered the battered remains of a safe from Moffett Cree near Fort Jones after it was reported stolen from the Log Cabin club in Yreka early Feb. 10.

Yreka police Chief Henry Watson said the stolen safe was spotted on the bank of the creek about three miles of Fort Jones by a school bus driver whose name was not disclosed.

Tavern owner James Alton said the safe contained about \$550. Watson said evidence of tool marks on the recovered safe indicated the burglary and theft was the work of amateurs.

Sheriff Al Cottar and Watson are cooperating in the investigation.

ANOTHER MAN MURDERED BY CHINAMEN - A man name Turowski was found dead in his mining claim, near Happy Camp, undoubtedly murdered by Chinamen. His body was found cut in several places, with a root ax he had been using, and his skull crushed, with a large boulder rolled on his head, to make it appear that he was killed by accident of the bank caving. He had been trying to sell the claim to Chinamen, and showed them specimens worth upwards of \$400, which he had taken out. The citizens of Happy Camp are much excited and have corralled all the Chinamen, with determination of securing the murderer or force all the Chinamen to leave. The Chinese have committed other murders in this section, as well as robberies, and the people are greatly embittered against them. ~ Yreka Journal.
